***Marine Fisheries Advisory***  
**October 22, 2003**

The full text of the [Mass. Division of Marine Fisheries: 322 CMR: Regulations](http://www.mass.gov/marinefisheries), the Commonwealth's marine fisheries regulations, is now available on our website ([www.mass.gov/marinefisheries](http://www.mass.gov/marinefisheries)) thanks to the hard work of *Marine Fisheries*' Micah Dean, an analyst within our Management Information Systems & Fisheries Statistics Program. The public can now easily access marine fishery regulations. We hope the availability of our regulations online will increase our ability to effectively communicate with regulated parties, other state marine fishery regulatory agencies and enforcement personnel.

Although every attempt has been made to keep this copy of 322 CMR accurate and up to date, this is an "unofficial" copy. The official copy is maintained by the Secretary of State and may be purchased from the state bookstore. For more information on ordering a copy of 322 CMR go to <http://www.state.ma.us/sec/spr/sprcat/agencies/322.htm>.
